

Isabella Williams

Hello!! My name is Isabella Williams but my friends and family call me Bella! I am from the Northwest Whitfield FFA Chapter, where I serve as the chapter secretary. I am currently a junior. I have competed with many CDE teams including Horse Judging, Poultry, and Veterinary Science. I got into agriculture my freshman year starting with dairy heifers and have grown from there. My cousin introduced me to dairy showing and helped me through my first year of showing. In the past three years I have had the blessing of being able to call four heifers mine for a few months. From there my love grew and I dug deeper into agriculture. I have even

shown goats with the sponsorship of my uncle and my family is in the process of expanding our farm to incorporate Boer goats for showing.

I also enjoy volunteering in other clubs aside from FFA. I am a member of the BETA Club, Spanish National Honors Society, and National Honors Society. I also help run the Bruin Boxes Food Program to help pack boxes for people in need in our community.

While my favorite part of the year is what I call “dairy season”, I also have a chicken coop of my own. During covid I constructed three chicken coops. One of which was recycled from materials found on my family farm of 90 years. Recently, I have started expanding my flock by raising my own chickens.

I can't wait to help serve on the Georgia Dairy Youth Foundation Junior Board! I hope to see y'all soon and don't be afraid to say hello. I would love to meet others with the same interest as I do!!
