

Larson Newsome

Hi, my name is Larson and I'm 17 years old and live in Lee County, Georgia. This will be my second year serving on the junior board. I currently serve as Chaplain in my FFA Chapter. Some things I enjoy doing outside of school are spending time with my family and friends, helping others, showing dairy heifers, and camping. I have shown commercial dairy heifers for five years now. This past year serving on the junior board I have met many new people and has been a great experience.
