

# Abby Joyner

Abby Joyner Hey, My name is Abby Joyner. I am a Burke County 4-H and FFA member. I show commercial heifers, registered dairy cattle, and market hogs. I have shown commercial heifers for eight years. For the past three years, I have shown registered heifers.

In 2019, I had the opportunity to purchase four registered brown swiss heifers. My herd has now grown to seven and is still growing. The age range is 4 years old to a day old. I love this little business I am growing. When I am not in the barn I practice for contests. With 4-H, I compete in dairy judging, dairy quiz bowl, and DPA. My DPA project is over the history, process of pasteurization and homogenization. I placed 1st in my district and 1st in the state to become a master 4-H'er. In FFA, I compete in prepared public speaking LDE, veterinary science CDE, and Forestry Judging CDE. I am an officer for both 4-H and FFA. I am happy to be on the Junior Board this year. This will be my fourth year and I enjoy the opportunities that GDYF provides. I'm excited at what this year will have in store for GDYF. Two of my favorite events that the Junior Board helps with are the Georgia Milk Conference in Savannah, GA and the annual golf tournament in Bishop, GA.

We love helping others, so don't be afraid to reach out to any of the Jr. Board if you need any help or have questions. Thank you for giving me the opportunity to tell a little bit more about myself!
